The Navy Department has received the following:—

Oper Mobils, April 15, 1865.

Sim—In my last despatch, of the 12th inst. I had the
honor to inform the department that General Granger
and myself had demanded the immediate and unconditional surrender of the city of Mobile, and that it would
undoubtedly be accorded, as the city was at our mercy
and we were in possession of the outside forts.

The officers detailed by General Granger and myself
were met by the Mayor and other authorities near the
entrance of the city, and a demand for its surrender was
there made. The parties then repaired to the C'ty Hall,
where the Mayor addressed the following communication:—

Mayor's Oprice, City of Mobile, April 14, 1865.

where the Mayor addressed the following communication:—

Mayon's Office, City of Mobile, April 14, 1865.

Gentlement have the honor to acknowledge the receipt of your communication at the hands of Lieutenant Colonel R. G. Laughlin, of the staff of Major General Granger, commanding the Thirteenth array corps, and Lieutenant Commander L. R. Franklin, United States navy, of the staff of Admiral Thatcher, demanding the Immediate and unconditional surrender of this city.

The city has been evacuated by the military authorities, and its municipal authority is now within my centrol. Your demand has been granted, and it trust gentlemen, for its sake of humanity, that all the safeguards you can throw around our people will be scarred to them.

Yery respectfully, your obedient servant.

R. H. SLOUGH.

The Provost Guard being established, the works around the city—which are of immense estent and strength—were then garrisoned.

The Navy Yard has been selzed in behalf of the navy; but most of its contents had been destroyed, except some ilumber and a quantity of soft coal.

The Octorara and three river Monitors are now at anchor in front of the city and down the Tensas. The former and one of the iron-clads will be seat up the Iom bigbee river, where the rebel iron-clad Nashville and guaboat Morgan have fled; but the Huntsville and Tusca-loosa—two powerful rams—were sunk in Spanish river before the evacuation.

Our naval forces are now busily engaged in blowing up and removing the obstructions in the main ship channel, which have proved to be very formidable and full of torpedoes, although we are removing them rapidly.

I regret to inform the Department that the tig Ida has been destroyed by a torpedo while engaged in this work, as well as a launch of the Cincinnati, and that the brig Althea was destroyed while dragsing for torpedoes in Blakeley river. Also that the gunboat Sciota was sunk yesterday, while under way, running across the bar, in twelve feet of water.

There is a prospect of raising this last vessel and repairing her damages.

The reports of the commanding officers of the vessels thus lost, together with the tists of killed and wounded, will be forwarded as soon as received.

So far as ascertained the number of guns captured by the army and navy will shoot fall short of four hundred, many of them new and of the heaviest calibre. The amount of ammunition and ordnance stores is also very large. Very respectfully, your obedient servant,

H. K. THAT-HER, Acting Rear Admiral,

Commanding West Gulf Squadron.

To Hon Gidboos Welles, Secretary of the Navy, Wash-ington.

NEWS FROM DANVILLE, VA.

Plunder of Commissary Stores by Citizens-Awful Explosion-Fifty Persons Annihilated-Movements of the Rebel Governor of Virginia, &c.

Washington, April 26, 1865.
The Richmond Whig and Fines of yesteriay have been received. Both papers begin to present a good appearance. They are double sheets.

The Whig has the following :city on foot from Danville, we have some interesting

particulars of events that occurred there after the sur-When this event became known in town and the sur rounding country, a crowd of citizens of all classes, ages

and color, and a large number of soldiers collected around the buildings, in which were stored immense quantities a general rush upon the establishments.

The parties in charge of the stores at first attempted

to resist the mob, but were quickly forced to desist and seek their own safety in flight. The mob scattered throughout every part of the build-

ings, each person plundering according to his or her fancy. In one of the buildings it appears there was a large cussion caps. The soldiers and country people swarmed around the powder, eager to secure it for fowling pur; poses. While they were thus engaged by some means fire communicated to the powder, and in an instant the building and its contents, including over fifty persons, This horrible tragedy for a time put a check upon the

Notwithstanding this our informant learned, just before leaving, that Extra Billy had sent a not transpired. We may mention in this connection a report, which has obtained circulation here, that citizens of Lynchburg either requested or compelled the ex-Gov-ernor to leave the town.

FINANCIAL AND COMMERCIAL.

WEDNESDAY, April 26-6 P. M. Business has been actively resumed to-day, after the interruptions of the last fortnight, and a strong speculative feeling in favor of a rise manifests itself in Wall street. At the first session of the stock exchange the market was active and strong. Erie was 214 higher than at the morning board on Saturday, New York Central 434 a 5%, Hudson River 2%, Reading 5%, Michigan Central 414. Michigan Southern 514. Illinois Central 214. Cleve land and Pittsburg 51/4, Northwestern 41/4, Cleveland and Toledo 2, Rock Island 3%, Fort Wayne 2%, Quicksilver 214, Cumberland 4.

the encouraging aspect of national affairs having strengthened confidence in the national credit. Coupon five-twenties showed an advance since Saturday morning of 1%, ten-forties 2%, sixes of 1881 %. At the open board at one o'clock the market was I a 214 per cent higher, and at the second open board the improvement continued, with a very large business. Erie was 3% per cent in advance of the closing price of the morning, New York Central %, Hudson River 2%, Fort Wayne %. Michigan Central 1, Michigan Southern 1%. Cleveland and Pittsburg M. Rock Island I. Government a curities were strong. Coupon five twenties advanced 1/4, and

At the open board at half-past three the market continued strong, and quotations were in the ascendant. Eric closed at 83, Hudson 113, Reading 109%, Michigan Central 114, Michigan Southern 71%, Elinois Central 116%, Cleveland and Pittsburg 79%, Rock Island 99%, Northwestern 3414, Fort Wayne 100%, Cumberland 5114,

The gold market opened strong, but, under a rumou that the Cunard steamer had arrived at Halifax with advices that five-twenties had advanced in the London market to 66 a 67, it became heavy. Subsequently it partially recovered under a contradiction of the rumor. Another rumor to the effect that General Grant had been assassinated was freely circulated, although it could be traced to no reliable source. The supply of gold on the street is light, and there is still a difference of 16 between the cash and regular rate. The fact of a but dred and twenty millions of currency having been issued to the national banks, in addition to the \$683,414,663 issued by the Treasury previous to the end of March, favors speculation after the recent depression, and at the same time imparts firmness to the gold premium. The prospect of a further re-Europe, and a large increase in our future export trade operates in the same direction. The return of government bonds will not be likely to affect their market value bere; but it will exert a direct influence in putting up the price of gold. The seven-thirty note loan is increasing the public debt at the rate of nearly three millions a day, and many of these notes are employed as currency, and the aggregate debt registered on the 31st of March was \$2,366,965,077. The gold quotations were:—

10:30 A. M. 152 8:35 P. M. 150% 12:36 P. M. 151% 5:00 P. M. 150% 1:45 P. M. 150% Foreign exchange is in fair demand. Banks ask 109%

a 110 for their sixty days bills on London, and 110% a 36 at three days. The steamer Canada, from Boston to day,

took out \$5,000 is specie. The Ariel, from Aspinwall' brought only \$69,619

Money continues very abundant at 5 a 6 per cent, with exceptional transactions based upon governments, at 4½. This monetary case greatly assists the rise of prices for securities of all descriptions, and a much higher range of quotations is predicted by the "bulls" in consequence. Those interested in United States bonds are particularly sanguine, and five twenties are regarded as a mine of wenith to who member that Wall street opinions change with the market, and that the latter is proverbially treacherous Nevertheless, appearances promise a further rise.

There is considerable activity in petroleum stocks,

new companies. There has been some attempt to "cor-ner" the "United States" lately, and "short" sales are made as freely as on the Stock Exchange. The low price of petroleum stocks presents facilities do not, and hence speculators of small means are disposed to court Fortune in oil. The goddess is, however, as fickie there as elsewhere, and many have found out to their cost that low prices do not always stocks will be called on and after to-night at the evening

We. H. Grand, M. D.:—
Drau Srm-It affords me pleasure to add my teatimony to the many others of the good qualities of CONSTITUTION WATER. I believe, sir, that it is the great panaces for disease of the kidneys. I have been sfilleted with infiammation of the kidneys and irritation of the bladder for nine years, contracted when travelling South and West—change of climate and water. Have treated with the best physicians, but could get no relief. I was induced by a friend or mine to try Constitution Water. I have now used nearly two bottles, and must say that I believe the disease is entirely cured. I cheerfully recommend it to all suffering from like difficulty. Very truly yours, R. W.
